Located in one of the most exclusive areas of East Málaga, next to El Candado Golf Club and just minutes from the beach and city center, this historic Andalusian-style villa was fully renovated in 2024. The property retains the charm of its original architecture, blending it with high-quality materials, advanced technology, and signature interior and landscape design, making it a truly unique residence. The home features six bedrooms, all with en-suite bathrooms, plus a guest bathroom and an outdoor toilet by the pool. The main floor includes three bedrooms, a designer kitchen equipped with Siemens appliances, and direct access to a central patio with a barbecue area. The semi-basement houses a spacious living room, a laundry room that can be used as a gym or cinema, and access to a fully independent guest apartment with its own kitchen. The upper floor offers a suite-style bedroom with a private bathroom and sea views. The landscaping project, designed by Laura Pou, preserves the original vegetation and incorporates native species, mature trees, and a charming organic garden. The pool features saline chlorination and a non-slip mosaic finish, surrounded by a handcrafted border with herringbone details. The interior was designed by La Albaida Interior Design, combining custom pieces with premium furniture from national and international brands. Textiles are by Gastón y Daniela, and the antique doors have been lovingly restored, adding character and elegance. The property includes Daikin aerothermal heating and DHW system, air conditioning via heat pump with Airzone room-by-room control, cast iron Baxi radiators for heating, architectural lighting by Eflux, Legrand home automation with exterior lighting scenes, digital video intercom, and a data network in all rooms. With a built area of 754 m² on a 4,227 m² plot, this villa represents a unique opportunity for those seeking a family residence, a second home, or a luxury investment in one of Málaga's most privileged settings.
